

CRS OneSource Donation Policy

It is and will always be our practice to give back a portion of our profits and products to support charitable needs in the communities in which we conduct business. There are several charities and non-profit organizations that we have supported for many years including: local food banks, homeless shelters, and child centered organizations such as the Boys & Girls Club. We receive donation requests from individuals and organizations on a daily basis and like any other company, we must limit our giving and choose which charities and causes to support. Our preference is to support current customer requested charity events, if possible, and we will be proactive in assisting with aid for local disaster relief. We find it necessary, though, to respectfully decline all other requests. With this in mind, we ask that those individuals and organizations or groups seeking a donation from CRS OneSource do so only in writing. Please mail requests to:
